

**GREY2K USA**

Protecting Greyhounds Nationwide

# Students Helping Greyhounds

**The US is known as a  
nation of dog lovers**

Many dogs are very spoiled

Many have lots of love, food  
and toys

But one dog is treated differently...

Even though in the past, he was considered royalty

He is gentle

affectionate

and funny, like any other dog

The racing industry wants us to believe  
that greyhounds are treated like  
companion animals

But that is not true at all!

They are confined in small cages for long hours each day

**Very often they get broken legs, multiple fractures and cardiac arrest**

Their dog racing career is usually over at 3 ½ years of age

Their food is not good at all

And they are given  
dangerous drugs

# Greyhound racing is not good for the economy

In Arizona, the greyhound race tracks (Tucson and Phoenix) do not pay taxes on off track betting revenues

# Greyhound racing...

- It is not a fun sport
- It is not affordable entertainment for the whole family
- Does not promote tourism in Arizona
- It is detrimental to the taxpayers in Arizona
- Does not consider the welfare of the animals

# Greyhound racing...

- Is inhumane
- Is cruel
- Desensitizes children
- Should be stopped in the state of Arizona

# You are a kid, but you can help

- Tell all your friends and family about the truth of greyhound racing
- Wear your GREY2K USA button and educate people
- Do not attend dog races
- Ask adults you know not to bet on dog races
- With the help of your parents, write to state officials to express your opposition
- Support the efforts of GREY2K USA and other advocacy groups

State by State

No Racing

Still Fighting

Greyhounds deserve to be free!

Come gentle  
Greyhound; rest your  
head in my hands,  
And let me rescue  
you from this place  
if I can.

This place of sorrow,  
abuse and neglect,  
And I will give you a  
better life where  
you can forget

Thank you very much for  
helping me!
